Professional Summary

Analytical and detail oriented Computer Science graduate with over one year of professional experience in the IT field and a strong foundation in frontend web development. Proficient in building responsive, user-friendly interfaces using modern web technologies, with experience translating designs into functional, accessible applications. Adept at problem-solving and optimizing UI performance, while collaborating effectively with cross-functional teams to deliver reliable digital solutions. Brings a solid background in software development principles, technical documentation, and ICT systems support, combined with strong communication skills and a commitment to continuous learning and innovation.

Core Competencies

- Data Analysis & Interpretation
 - Policy & Report Drafting
 - Academic & Student Support Functions
 - ICT & Web Technologies
 - Communication & Official Correspondence
 - Research & Documentation
-

Education

BSc. Computer Science

University of Nigeria, Nsukka | 2018 – 2023

Senior Secondary Certificate

Faith Academy Goshen | 2012 – 2018

Technical Skills

- **Programming:** JavaScript, Java
- **Web Development:** HTML, CSS, React.js, TypeScript
- **Cybersecurity:** Network security, threat analysis

- **Tools:** Microsoft Office Suite (Word, Excel, PowerPoint)

Work Experience

IT Support Officer – ABIS Group & MECA | *March 2025 – Present*

- Developed, and maintained multiple corporate and product websites, ensuring responsive layouts, cross-browser compatibility, and consistent UI/UX standards.
- Led the frontend development of the ABIS Group Marketplace website, implementing user-focused features and improving overall site usability.
- Built and deployed websites for MECA and Discovery Circle Practitioners (DCP), translating business requirements and design concepts into functional web interfaces.
- Currently developing an e-commerce platform (GetSpares), contributing to product listings, checkout flows, and frontend performance optimization.
- Co-developing the ABIS Group Marketplace mobile application, collaborating with backend and mobile teams to integrate APIs and ensure smooth user experiences.
- Produced clear technical and administrative reports for management, documenting system updates, issues, and development progress.

Cybersecurity Intern – Nigeria Police Force, National Cybercrime Center (NPF-NCCC) | *May 2024 – March 2025*

- Supported policy aligned cybersecurity operations, including data protection and threat intelligence.
- Assisted in maintaining criminal record databases for legal departments, ensuring compliance with regulatory standards.
- Conducted research and collaborated with cross agency teams on cybercrime prevention strategies.
- Collected, organized, and managed sensitive criminal data for reporting and legal use.
- Drafted technical reports, memos, and documentation for senior officers.
- Gained exposure to cybersecurity policy, governance, and law enforcement frameworks.

Frontend Developer Intern – OmniSwift Nigeria LTD | *February 2022 – August 2022*

- Developed web applications for clients including NTI
- Focused on improving accessibility and user experience
- Provided remote customer support for NTI platform users
- Drafted official correspondence with clients and documented user feedback for academic platforms (NTI).
- Contributed to developing e-learning solutions aligned with distance education.

Certifications

- **Network Support and Security** – Cisco Networking Academy | *September 2024*
 - **Introduction to Networking** – CYSEC Nigeria | *August 2024*
-

Soft Skills

- Strong analytical and problem solving abilities
- Team collaboration and interpersonal communication
- Leadership through initiative and technical ownership
- Adaptability in fast paced, project based settings
